

## Closure/Post Closure for Landfills/Waste Treatment/Disposal Facilities

Sloan Mason is pleased to announce access to a facility with an A rated carrier, which provides competitive Closure and Post Closure Financial Assurance Policies for Landfills/Waste Treatment/Waste Disposal Facilities.

This policy provides the insured with a financial assurance mechanism to meet the needs for the closure and/or post closure costs of a regulated waste facility.

It does so by allowing for payments directly to the regulatory agency for a full or partial closure and/or post closure costs.

It pays on behalf of the insured and the company can deal directly with the regulatory agency on behalf of the Insured.

The policy uses a deductible in lieu of retention for any retained amount, has modified cancellation provisions to comply with the financial assurance guidelines and assists the insured in meeting financial assurance obligations.

This makes the policy suitable for any customer class that owns or operates a landfill, waste treatment unit or a hazardous waste treatment, storage or disposal facility and is required to post financial assurance costs to meet the regulatory guidelines under RCRA.

Minimum Premium: \$20,000

The following details are required for full underwriting review and best quote:

1. 5 year payroll and revenue history
2. 5 year currently valued carrier issued loss runs (valuation date within 90 days of requested eff date) if available
3. ACORD GL/UMB applications and Closure/Post Closure Supplemental

Sloan Mason is a licensed wholesale insurance broker in most states.

We have excellent relationships with our underwriters at these insurance companies, which enables us to obtain pricing and coverage flexibility, as well as quick response.
